

BLUEPEAK TO BRING A FASTER, MORE RELIABLE INTERNET TO BLACKWELL, OK Internet Provider to Break Ground Next Year on State-of-the-Art Fiber Network

(Blackwell, OK) – December 21, 2021 — Bluepeak, an innovative internet provider, announced today that it has received franchise approval from the City of Blackwell, Oklahoma, and will break ground next year on a high-speed fiber network to meet the growing needs of the community, today and in the future. The approximate \$3 million expansion effort will bring Bluepeak service to nearly 3,000 residences and businesses in Blackwell.

“We’re thrilled to be partnering with the City of Blackwell to build a next-generation, fiber-to-the-home network,” said Rich Fish, CEO of Bluepeak. “Bluepeak is a different kind of provider with faster, more reliable speeds that will better connect homes, businesses and organizations across Blackwell.”

With Bluepeak’s advanced fiber connection, residential customers can get up to 5 gigabits of symmetrical bandwidth and businesses can get up to 10 gigabits of symmetrical bandwidth. Bluepeak’s fiber network will provide faster speeds, better connectivity, and the bandwidth to connect more devices for internet, streaming, gaming and more.

“Providing city residents, businesses and industry with additional telecommunication options is paramount in this age of information. The City looks forward to working with Clarity Telecom, LLC/Bluepeak in the coordination of the installation of fiber on the City’s poles and underground fiber in its rights-of-way where no poles are present” said Blackwell City Manager Jerry Wieland. About Bluepeak

Bluepeak is building a faster, more reliable internet without the things that get in the way of great service—like red tape, hidden fees, and slow response times. Offering up to 5 gigabits of speed for residential customers and 10 gigabits for businesses, Bluepeak is a whole new ballgame — from internet to TV, to connecting every device in a home, to powering a business, Bluepeak not only provides the best fiber connections in the communities it serves, but also meets the growing needs for how its customers live.

Bluepeak (Clarity Telecom LLC) is known as Vast Broadband today in South Dakota and portions of western Minnesota until those markets rebrand as Bluepeak in the summer of 2022. Visit www.meetbluepeak.com to learn more.
