

A FASTER, MORE RELIABLE INTERNET IS COMING TO GRAND FORKS

Bluepeak to Break Ground on State-of-the-Art Fiber Network Next Year

(Grand Forks, ND) – September 20, 2021 — Bluepeak, a revolutionary internet provider, announced today that it will break ground next year on a new, high-speed fiber network to provide Grand Forks with a better option for internet that will meet the growing needs of the community, today and in the future. The \$27 Million expansion effort will bring services to approximately 27,000 residents and businesses in Grand Forks.

“We are thrilled to be partnering with the city of Grand Forks to build a future-proof fiber-optic network,” said Rich Fish, CEO of Bluepeak. “Grand Forks customers deserve a choice when it comes to providers. Bluepeak is a different kind of provider with faster, more reliable speeds that will better connect homes, businesses, and organizations across Grand Forks.

With Bluepeak’s advanced fiber connection, residential customers can get up to 5 gigabits of speed and businesses can get up to 10 gigabits of speed. The next-gen broadband network will provide faster speeds, better connectivity and the bandwidth to connect more devices for internet, streaming, gaming, and more.

“It’s very exciting to see Bluepeak making such a large investment in the Grand Forks Community, at the same time offering citizens another option on high speed broadband,” said Grand Forks Mayor Brandon Bochenski.

About Bluepeak

Bluepeak is building a faster, more reliable internet without the things that get in the way of great service—like red tape, hidden fees, and slow response times. Offering up to 5 gigabits of speed for residential customers and 10 gigabits for businesses, Bluepeak is a whole new ballgame — from internet to TV, to connecting every device in a home, to powering a business, Bluepeak not only provides the best fiber connections in the communities it serves, but also meets the growing needs for how its customers live.

Bluepeak (Clarity Telecom LLC) is known as Vast Broadband today in South Dakota and portions of western Minnesota until those markets rebrand as Bluepeak in the summer of 2022.
