

BLUEPEAK WHOLESALE

Tailored solutions. Multiple opportunities.

It's about more than the size of our footprint—it's about relationships.

Transform the digital landscape with Bluepeak Fiber Internet.

Businesses deserve high-speed internet at the highest level. Bluepeak offers scalable, reliable, and cost-effective solutions that drive success for you and your customers.

Bluepeak's Dedicated Internet Access is 100% fiber-optic, freshly built from the ground up for peak performance. Our service includes the most advanced eero Wi-Fi routers with mesh technology, providing fast, secure, and reliable coverage throughout the customer's premises. Use our equipment or bring your own—we offer fully customized solutions for your unique needs.

Our expert representatives deliver exceptional service, providing transformative digital experiences for you and your clients.

Call us at 855-420-0736 today and unlock new opportunities for both your customers and your business.

Benefits of Partnering with Bluepeak

Strategic Partnerships

We achieve more for our customers when we collaborate with industry leaders like you.

Premium Service Offerings

Provide your clients with advanced security Wi-Fi solutions, state-of-the-art hardware, and unlimited data with no caps, all at the best possible price point in the market.

Technology

We maintain cutting-edge network technology with a practical, customer-focused approach that benefits both our clients and yours.

Customer Support

Count on our responsive support team to address any client issues, ensuring a smooth experience from day one.

Dedicated Assigned Representative

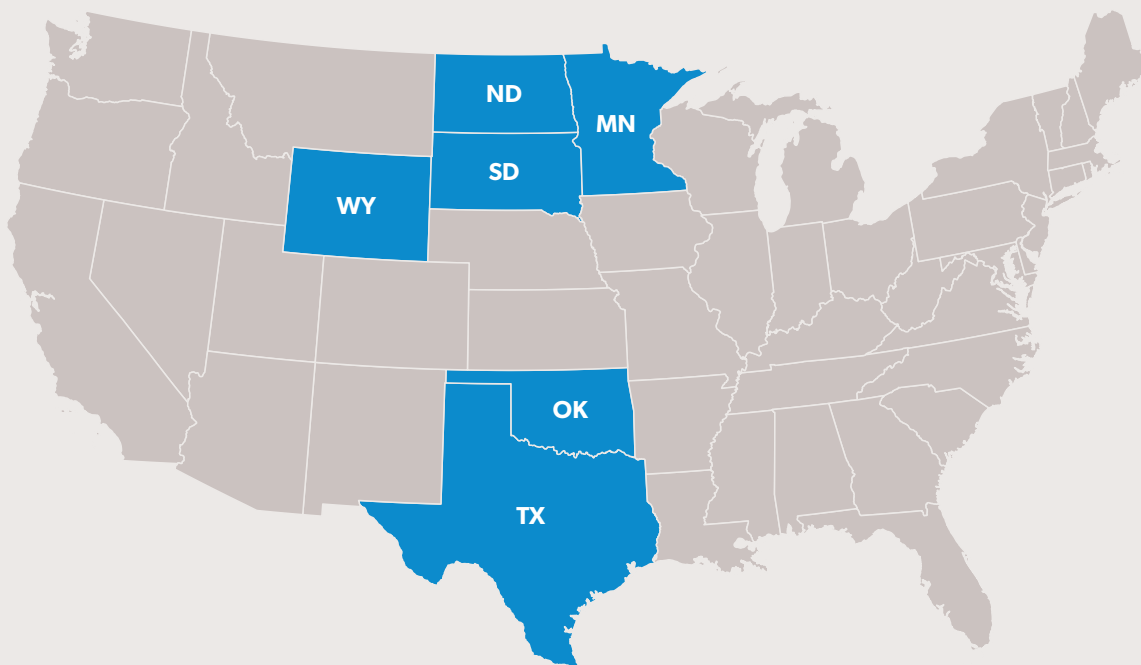

Connect with your personal point of contact at Bluepeak who will guide your partnership and ensure your needs are met every step of the way.

We're here to support you.

You're the expert in selling your services, products, and technical support. Let us be the experts in selling products and services to compliment your offerings! Our team is here to help in any way possible, to explain the technical side of the offering, help manage expectations, and offer billing support.

**You get a dedicated account manager to assist you along the way—
make the most of this resource!**
